Principal Ms. Anita Dua also congratulated the highbrow intellectuals for their meritorious performance and encourages them to continue on the path of earning more laurels and pride in the years to come.

Both students were regular scholar badge holders and reflected the caliber and classification of savants at a very young age. They have consistently excelled in all academic fields. Master Anuj Patel has been with Delhi Public School Panvel since its inception. He has been the school Head Boy and has always impressed his teachers and juniors with his willingness to help and participate. Where Master Aditya Gupta is among those very few students that are as inquisitive and engaged in all subjects. His work ethic and dedication to helping people improve are impeccable. As Aditya continues with the school for his XI and XII CBSE examinations we look forward to many such achievements being added to his cap.
