LEADERBOARD

Create autonomous learners

Assessment is a crucial part of school education. Some systems of assessment have worked, some have required overhaul.

The learner in the secondary / senior secondary level should be empowered to design their own assessment/ learning activity. The idea should be

to build life-long autonomous learners who not only have enough clarity on the subjects they choose, but also have the astuteness to put the knowledge to best use in real life situations.

The assessment process should not discourage children from experiencing the joy of learning.

Anita Dua
Principal, DPS Panvel

Cialfo was founded in 2017 by a team of former educators with a vision to provide post secondary opportunities regardless of where they are. They are on a mission to make higher education accessible for 100 million students by 2025. We have collaborated with Cialfo for collage guidance for K12 collage students.

DPS Panvel has introduced NIE -The Times of India newspaper for the students to encourage them to read and keep them updated with the world's current events.

SPEECH AND DRAMA

Honing the creative skills of our students at the grass root level is where the futuristic planning of Delhi Public School Panvel excels when compared to all other schools in the region. Speech and Drama helps grooming kids to express their emotive feelings and specially being based in the city of the Bollywood industry it's always an added feather to their caps. We nurture children through different activities to develop speech and theatrics skills.
